

Hello everyone & welcome to the 2020 Fast Lane extraordinary exhibit of art!

I'd like to thank all the 1,103 students who had the courage to share something they love, something that's close to their hearts... their artwork.

It is such an honor to be the Berks Arts Council juror and a challenging task for me to choose 1st, 2nd, and 3rd place Awards plus 3 Honorable Mentions from 1,731 pieces of art!

Walking through the GoggleWorks Galleries, I was inspired with the breadth of skills presented by these students. Paintings, sculptures, drawings, graphic arts, sewing, crocheting, pottery, photography, woodworking, collage, and mixed media pieces surrounded me as I made my choices based on artworks that captured my attention, touched my heart, and delighted me in their execution and originality.

Thank you to Berks Arts Council and all the sponsors, parents, teachers, and friends for your continued support of the arts, just know you make a difference in the lives of our students. To all of the students, thank you for participating in the Fast Lane Art Exhibit and recognize the impact you have on everyone whenever you make and share your art. Please enjoy this beautiful show!

***Deb Schlouch, Juror***
